#### LOCATION

Palanga, Lithuania

#### ARCHITECT

Uostamiescio projektas

#### CONSTRUCTION PERIOD

2014

#### STATUS

Completed

#### PROJECT CATEGORY

Cultural, Public, Limitless, Glued laminated timber

#### DETAILS

Wood species: **Spruce**

#### SCOPE OF SERVICES

Planning, Production, Component Delivery, Assembly

#### PRODUCT / SOLUTION

HESS LIMITLESS

## CONCERT HALL PALANGA

Palanga Concert Hall opened in December 2015 in Palanga, Lithuania. The hall in the city center has more than 2,200 seats not only suitable for concerts, but also for festivals, TV projects, conferences and other events. The project was an impressive demonstration of the efficiency of the HESS LIMITLESS solution. The glulam beams, which are up to 37 meters long, were assembled within one week on site and ready for installation. For the project participants, the combination of speed, inexpensive transport and the outstanding structural performance of the HESS LIMITLESS solution was the decisive factor.

HESS TIMBER

We assume responsibility for our environment. With every realised timber construction we contribute to the environmental protection as the wood used in construction stores the carbon that the tree has removed from the atmosphere. We are also committed to responsible sourcing of raw materials solely from sustainably managed forests. We guarantee this as a **MEMBER** of **HASSLACHER** group.
