MUSEUM FONDATION LOUIS VUITTON

An architectural jewel was created in Paris in 2013 based on designs by Frank Gehry. The museum was created on the initiative of Bernard Arnault, CEO of the French company Moët Hennessy Louis Vuitton (LVHM). The museum mostly shows art of the 20th century.

HESS TIMBER

We assume responsibility for our environment. With every realised timber construction we contribute to the environmental protection as the wood used in construction stores the carbon that the tree has removed from the atmosphere. We are also committed to responsible sourcing of raw materials solely from sustainably managed forests. We guarantee this as a **MEMBER of HASSLACHER** group.
