

HESS TIMBER, a member of the HASSLACHER group, stands for more than 140 years of tradition, innovation and outstanding achievements in timber engineering. The timber constructions of HESS TIMBER can be admired in modern architecture all over the world. With our customers we realize outstanding and creative ideas. We produce exceptional quality - with special technics and shapes, latest production machines and first-class timbers and with our well-trained and highly motivated team.

### **TIMBER LIMITLESS**

To reinforce our team we are looking for a

## **CAD ENGINEER** (m/f/x)

### **THE TASK**

- You create construction drawings with our CAD programs (AVEVA Bocado, cadwork, Rhino 3d)
- You are responsible for the creation of 3D designs and the provision of production data
- You will support the sales and project team in all questions concerning the design process
- You will be responsible for communication with customers and suppliers during the design phase
- You actively participate in the improvement and further development of the work processes in your area of responsibility
- You are characterized by flexible activities in addition to CAD design and are also interested in successfully carrying out tasks together with project management

### **YOUR PROFILE**

- You have a degree in civil engineering or have completed training as a carpenter
- You have a comprehensive technical understanding and are characterized by strong communication and organizational skills
- You have good user skills in MS-Office (Excel, Word)
- You have a very good knowledge of written and spoken English
- You have a distinctive spatial imagination

### **OUR OFFER**

- Responsible, independent and varied activities
- Involvement in the most demanding timber engineering projects worldwide
- Future-oriented workplace in a globally expanding company
- Well-founded induction by an experienced international team
- Flat hierarchies and modern structures with performance-related remuneration
